

Together for the Better
By McKinzie Horobik

The Golden Plain High School Volleyball team traveled to Tribune to play against Greeley County and Triplains/Brewster on September 5. The JV girls lost to Greeley County while the varsity squad split games with a loss to Greeley County and a win over Triplains/Brewster.

The JV started with the first game against the Jackrabbits. The first set was close, but the Dogs fell 22-25 in the first set. In the second set, the ladies continued to play hard, but the Jackrabbits won with a final score of 15-25. "We played hard, and worked together as a team," said freshman Brielle Karnes, "but I feel we still have things to work on to improve."

The Varsity then had their chance to play Greeley County. In the first set, the ladies fell to Greeley County 14-25 due to lack of communication on all areas. After the first set, the game went back and forth till the end, but they couldn't put a stop to the Jackrabbits losing the set and the match 17-25.

The Varsity then got ready for the last game of the night against Triplains/Brewster. The ladies had a quick pep talk, knowing they had another game to play. The first set came quick, and the girls played with energy and excitement, winning 25-10. In the second set, the Bulldogs were playing together and encouraged each other the rest of the game pulling in another set and match win 25-20.

The Lady Bulldogs will look to play in the Gove County Classic in Grinnell to improve their record on September 9.
